Northwest Iowa Flood Response

Volunteer Iowa has been active in the response to the flooding in northwest Iowa since late June. Twelve Volunteer Reception Centers (VRCs) have been established by local counties in flood-affected communities, with support from Volunteer Iowa. Over 1000 volunteers have come through these VRCs to support the cleanup efforts.

AmeriCorps members serving in Iowa have mobilized to the flood-impacted counties to support the response effort. AmeriCorps programs in Iowa who have sent members to the flood-affected areas are Habitat for Humanity of Iowa Mobile Response team, RIVA AmeriCorps and the Iowa Community Corps. Volunteer Iowa staff also assisted with volunteer recruitment and management at five Disaster Supplemental Nutrition Assistance Program (D-SNAP) application locations in northwest Iowa.

In addition, three-week opportunities to serve in AmeriCorps to aid in the response are available with Habitat for Humanity of Iowa through the Mobile Response Team. Iowans who want to help can earn a college education award and a cash stipend; applicants should go to www.iowahabitat.org/apply-ameriCorps

We have requested and received a federal Mission Assignment deploying hundreds of AmeriCorps members from across the country (and locally) over the next 60 to 90 days, with the first 38 already on the ground in northwest Iowa to start working on homes today. Most of the work they will be doing will include mucking and gutting homes, mold suppression and debris removal.

More help is needed for general volunteers! The best place to find out how to help locally is at the [Iowa Disaster Recovery](http://www.IowaDisasterRecovery.org) website.

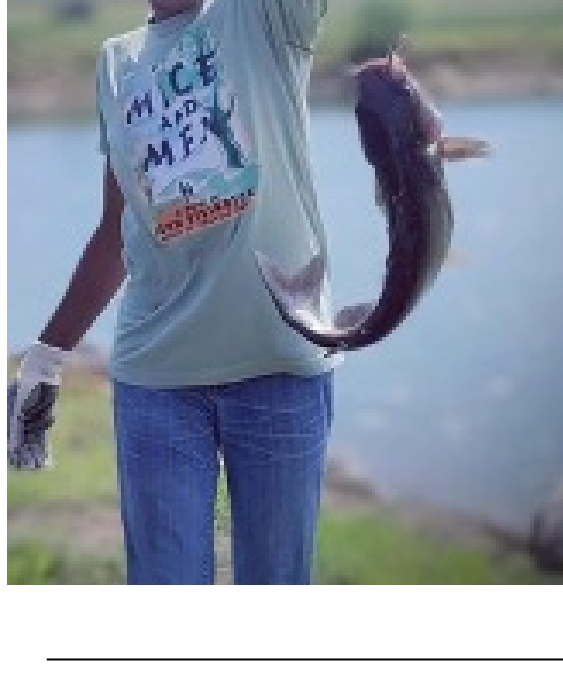

Be a Disaster Volunteer

Natural disasters, including tornadoes and flooding events, can happen in our state at any given time without much warning. To be made aware of how volunteers can help and where they are needed most, with the current flood response needs and future events, registration as a disaster volunteer is key. Volunteers can do this easily by completing a disaster volunteer profile on our [volunteer portal Get Connected](http://www.volunteerportal.org), with information about skills and availability to travel. Registered volunteers will be contacted when and where disaster volunteers are needed most.

Welcome Candace Cropp

Please help Volunteer Iowa welcome Candace Cropp to the team! Candace started with Volunteer Iowa on July 29 as a VISTA Leader. Candace was born and raised in Cedar Rapids, IA. She joined AmeriCorps VISTA because she has a passion for helping others. Growing up, Candace always saw her parents giving back to the community and anyone in need. She learned early on that we all have a responsibility to support one another. Candace is the mother to four sons, ages 16, 16, 9, and 23, whom she loves to annoy. She is an avid reader (hence the shirt), loves to fish and tend to her vegetable garden.

Over the next year, Candace hopes to build meaningful connections and get others as excited as she is about helping different communities, all while understanding how we can create change for our futures.

Bidding Adieu to Caleb Rigdon

Volunteer Iowa bid adieu to Caleb Rigdon in July. Caleb first joined our team as a VISTA Leader in July 2022, serving in that role for one year before transitioning to the position of Recruitment Specialist. In that role, Caleb supported our national service programs and recruitment efforts across all streams of service. In one year, Caleb expanded our network, built relationships with external stakeholders, attending dozens of career and networking fairs, and raised awareness of AmeriCorps across the state.

Caleb was also willing to jump in at a moment's notice when help was needed in other areas, most recently supporting the volunteer reception center in Greenfield and onboarding an AmeriCorps NCCC team deployed to Greenfield. We wish Caleb the best in his next endeavor!

Thank You to Kathlyn Wagner for Her Service to Volunteer Iowa

Kathlyn Wagner has been serving with Volunteer Iowa as our AmeriCorps Service-Learning VISTA. Her last day with us is August 12. Kathlyn led Volunteer Iowa's state-wide youth service calls, where she led many conversations with young people about service, service-learning and leadership. Kathlyn also conducted outreach and research on best practices with Silver Cord programs in Iowa, meeting many Silver Cord Program Directors at High Schools and Middle Schools. These programs get young people motivated about volunteering all across Iowa.

Kathlyn also worked on connecting with homeschool programs and educators in Iowa, introducing Volunteer Iowa and service-learning resources to these groups and individuals.

Kathlyn's next steps will be relocating to Washington DC, where she accepted a job as a Management Analyst in the U.S. Department of State.

It is essential for accurate data on the state of mentoring in Iowa that all mentoring programs complete the survey.

The [Iowa MENTOR annual survey is available here](http://www.iowamentor.org) for submission. If you are not an Iowa MENTOR program partner, you will be exited from the survey after question #14.
